Project History and Purpose

HISTORY

- 2011** South Academy Boulevard Great Streets Plan
- 2017** The S. Academy Boulevard Improvements Project includes two projects within the Pikes Peak Rural Transportation Authority initiative (PPRTA).
- 2018** Southeast Colorado Springs Report
- 2018** City solicited for a design firm Consultant
- 2020** Community Virtual Public Meeting
- 2021** Community Public Meeting

BENEFITS OF THE DESIGN LAYOUT

Corrects deteriorating pavement, concrete curb, and concrete driveways

Updates an important north-south route within the City

Smoother, more comfortable driving surface

Less ponding water

Improved pedestrian accessibility

Improved safety

Project History and Purpose

DURING CONSTRUCTION

Continued communication through City website, with City and Contractor representatives.

Construction will begin in Q1 of 2023 and last through 2024.

South Academy Boulevard will remain open for through-traffic during construction.

Access to businesses will be maintained.

Limited intersection closures will be communicated through media and City's website.

SCOPE OF CONSTRUCTION

Street repairs

- Full Depth Reclamation (FDR)
- Hot Mix Asphalt (HMA)
- New sidewalk and multi-modal path

Major intersection improvements including new signals

Improved signage and lane striping

Lighting improvements throughout the corridor

Potable water main and sanitary sewer installation

Permanent drainage system installation

New pedestrian railing on Sand Creek Bridge
